Members

"You may have noticed some of our recent monthly Membership Meeting notices have time set aside for a "BPI" meeting. The BPI, or Business Practices Interchange, meetings are small group gatherings usually held just before the monthly ASA Chapter Meeting. The purpose of the BPI meetings is to openly discuss topics that are of interest to you, the ASA member. The meetings are a forum to exchange business ideas and information. If you have any first-hand experience on any specific contracting, payment, or business practice issues, we'd like you to share that experience in the BPI session. If you are looking for specific information regarding these issues, the BPI session is an excellent place to start. We are encouraging all of our members to actively participate in the BPI sessions and look forward to seeing you there."
