

2010 Golden Hammer Award

Gentlemen:

Congratulations! ASA Greater Kansas City has once again won ASA's coveted Golden Hammer Award. Due to your advocacy efforts last year, Kansas had the largest score increase in the [2010 ASA Report: The Policy Environment in the States](#). The award will be given at this year's ASA Business Forum and Convention 2011 in Naples, Fla. If you have any questions about the awards ceremony or the award, please contact me.

I hope to see you each there.

Best,
Franklin
